SUMMARY

Highly motivated Statistics undergraduate student at Universitas Negeri Jakarta with a solid foundation in advanced statistical modeling, machine learning, and data analytics. Proven experience in translating complex datasets into actionable insights through interactive dashboards and rigorous quantitative methodologies. Adept at combining analytical problem-solving with strong organizational leadership and project coordination. Seeking to leverage a versatile, data-driven approach to optimize workflows and support strategic decision-making in a professional data environment.

EDUCATION

Universitas Negeri Jakarta (UNJ)

Jakarta, Indonesia

Bachelor's Degree (S1) in Statistics

- GPA: 3.82/4.00

SMAN 2 Cileungsi

Kab. Bogor, Jawa Barat

Science Major (MIPA)

- Final Score: 87.97/100

TECHNICAL & HARD SKILLS

Programming & Data: Python, R, SQL

Statistical Modeling & ML: Machine Learning (Random Forest, LightGBM), Time Series Forecasting (ARIMA, ARIMAX-GARCH, SVR), Structural Equation Modeling (SEM), Item Response Theory (IRT), Explainable AI (SHAP)

Visualization & BI: Power BI (Advanced DAX Modeling), Tableau

Software & Tools: Minitab, SPSS, Microsoft Excel & Spreadsheet

SOFT SKILLS

Analytical Thinking & Complex Problem Solving • Data Storytelling • Cross-functional Coordination • Public Speaking & Negotiation • Adaptability & Continuous Learning • Project Logistics Management

FEATURED PROJECTS

Superstore Executive Sales & Profit BI Dashboard

- Engineered an end-to-end business intelligence dashboard using Power BI and advanced DAX modeling to synthesize complex retail transaction data.
- Visualized key executive performance metrics, including Year-To-Date (YTD) total sales, profit margins, log shipping efficiency distribution models, and regional profit allocations.
- Transformed multi-layered datasets into responsive visual layouts, enabling dynamic slicing by year, region, segment, and shipping mode for optimized corporate decision-making.

Matraman Clean Water Survey Book

- Co-authored a comprehensive quantitative survey publication analyzing clean water access, quality, and affordability across Matraman districts.
- Designed field questionnaire structures and implemented probability sampling techniques to successfully collect and aggregate data from resident respondents.

- Conducted advanced statistical analysis using descriptive frameworks and a Structural Equation Modeling (SEM) Two-Factor approach to map out underlying socio-economic quality indicators.

ORGANIZATIONAL EXPERIENCE

Comdev Desa Binaan FMIPA UNJ

July 2024 - July 2025

Logistics Staff

- Planned, managed, and distributed logistical resources systematically to support community development initiatives and child empowerment programs in the local area.
- Coordinated proactively with internal project teams and village leaders to establish infrastructure and operational readiness for educational activities targeting local children.

MPK SMA Negeri 2 Cileungsi

Feb 2022 - Feb 2023

Vice Chairman

- Assisted the Chairman in leading the student parliamentary body, executing objective monitoring, and evaluating the programmatic effectiveness of work programs.
- Gathered, analyzed, and communicated aspirations from hundreds of students to the school management to foster inclusive institutional policies.
- Coordinated various public hearings (RDP) and assembly sessions, sharpening skills in negotiation, public speaking, and conflict resolution.

VOLUNTEERING EXPERIENCE

Share and Talk about Statistics (STOKASTIK) 2024

September 2024

Logistics & Documentation Staff

- Oversaw operational logistics and media pipelines for a data seminar hosted by the Statistics Student Association (BEMP Statistika).

PKKMB Statistics UNJ 2024

July 2024 - August 2024

Medical & Fundraising Committee

- Managed localized emergency healthcare responses and structured creative fundraising initiatives during the orientation period for freshmen statistics students.

Festival Community Development (FESCOM) 2024

June 2024 - July 2024

Event Logistics & Operations Staff

- Served as an event operations committee member for community empowerment initiatives organized by Desa Binaan FMIPA UNJ.
